# Wedding and Funeral Music

## Prelude

As the elements of the Marriage service and the service on the Occasion of Death are set forth in the Directory for Worship, both are viewed as a service of worship. The music that is selected for these services should embody the same qualities of worship that are found in any worship service.

In general, the Directory for Worship addresses music for any worship service as follows.

Music may serve as presentation and interpretation of Scripture, as response to the gospel, and as prayer, through psalms and canticles, hymns and anthems, spirituals and spiritual songs.

**Directory for Worship: W-3.3101.**

Instrumental music may be a form of prayer since words are not essential to prayer. In worship, music is not to be for entertainment or artistic display. Care should be taken that it not be used merely as a cover for silence. Music as prayer is to be a worthy offering to God on behalf of the people.

**Directory for Worship: W-2.1004.**

In addition to W-3.3101 and W-2.1004 above, the Directory for Worship addresses music for the marriage, funeral or memorial services as follows.

Music suitable for the marriage service directs attention to God and expresses the faith of the church. The congregation may join in hymns and other musical forms of praise and prayer.

**Directory for Worship: W-4.9005.**

It is appropriate for worshipers to sing hymns, psalms, spirituals, or spiritual songs, which affirm God's power over death, a belief in the resurrection to life everlasting, and the assurance of the communion of the saints.

**Directory for Worship: W-4.10004.**

It is the belief of PAM that the resources included in this booklet will serve as a guide to choosing music that is appropriate for marriage, funeral and memorial services that reflects Presbyterian and Reformed theology, as expressed in the **Directory for Worship**.
